

Thursday, 27<sup>th</sup> June 2024

Hello all,

This half term in Life to the Full we will be starting Unit 4 - Life Cycles.

Within this topic of Life Cycles, children will learn about God's design for creating new life through a more nuanced understanding of menstruation, fertility, conception, fetal development in the womb and childbirth.

Please note: There is also a session which talks about sexual intercourse within the context of marriage being God's plan for the place of sex within a relationship.

A separate parents-only version of this session has also been provided to allow parents the opportunity to introduce these matters at their own time and choosing. This lesson upholds and supports the teaching of the Catholic Church on sex and marriage whilst also discussing other types of relationships.

If you would like to see what we are doing, you can login to our parent portal
